

LPG BUYING SCHEME OFFER FROM FLOGAS

Minstead Parish (819) and Local Areas

Flogas have been very keen in forming Buying Groups in many communities to effectively keep the cost of gas down.

The difference is that on the Parish buying schemes, you would be assured in the future of a price linked to the amount of gas as a group and not on an individual user's consumption.

Quotation:

30.28 pence per litre, Fixed for 2 years.

Tank Rental/Maintenance: £13.65 per quarter for underground and above ground vessels

Domestic agreements are based over 2 years, initially.

Utilities are subject to 5% vat.

Deliveries are free of charge. There are Three types of delivery service to choose from: Telemetry device can be installed, which sends our computers a signal to keep us updated with your vessels contents, we would manage your deliveries, Monitoring Top-up System, or you can choose our On-call service, where you can manage your deliveries, if you wish.

There is NO charge from us to install Telemetry Devices.

There is NO charge for consumers changing their supplier. We simply buy the tank from your current supplier and gain ownership of the tank. It then becomes our responsibility to supply & maintain the tank.

The process of switching is much easier now than it's ever been for consumers to change their suppliers since the Competition Commission became effective in our industry in April 2009. Any LPG users who may wish to join this buying group please contact me on my contact details below with the date of your current supplier's contract expiry date quoting this buying group name (Minstead) and number (819)
